## Report of the Fire Chief

---

I hereby submit my report for the year ending December 31, 1951.

In the past year we had one small forest fire at the north end of the town which did no appreciable damage, and also a few chimney fires.

The bell on the telephone at the Four Corners has been installed and should be a help in case of a fire.

Please be sure and get your permit when you wish to burn any rubbish or brush. It may save your Warden a trip to find out where the fire is. If someone calls him and reports a smoke he will know if he has issued a permit for anyone in the area of the smoke.

There have been no purchases of new equipment for the Fire Truck this year.

LEONARD B. ROBBINS,

Fire Chief

## AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Richmond, of which the above is a true summary for the fiscal year ending June 30, 1951, and find them correct in all respects.

# Report of Superintendent of Schools

To the School Board and Citizens of Richmond:

I have the honor to submit my fifth annual report.

The September enrollment of Richmond pupils and their distribution among the various schools are shown in the following table:

School	Grade												Tl.
	1	2	3	4	5	6	7	8	9	10	11	12	
N. Richmond	12	4	2	2	5								25
Symonds, Keene						8	3	2					13
Keene H. S.									2	1	3		6
Hinsdale H. S.										1			1
Center, Winch'r						1							1
Totals	12	4	2	2	5	9	3	2	2	2	3	0	46

By referring to last year's report, it is noted that the total school population has increased from 36 to 46.

## Possible Future First Grade Enrollments (Date taken from School Census Cards)

1952	1953	1954	1955	1956
7	15	3	11	7

It is impossible to predict accurately just what the enrollments will be during the next five years. Families move in and out of town and the figures will change from year to year. However, by projecting the numbers of pre-school children now shown on the census cards on the grade table printed above, at least an indication of future enrollments may be secured.

## Possible Future Enrollments

School Year	Grades								Tl.
	1	2	3	4	5	6	7	8	
1952-1953	7	12	4	2	2	5	9	3	44
1953-1954	15	7	12	4	2	2	5	9	56
1954-1955	3	15	7	12	4	2	2	5	50
1955-1956	11	3	15	7	12	4	2	2	56
1956-1957	7	11	3	15	7	12	4	2	61

It is dangerous to use the figures in the above tables as factual. They assume that the pupils will all be promoted from year to year and that all will remain in school from grade 1 through grade 8. They assume also that all the pupils will continue to live in Richmond, none will drop out of school and no newcomers will be added.

Nevertheless, recognizing their shortcoming, the figures do present an interesting picture. They indicate a steady increase in enrollment for the next five years from the past September enrollment of 39 for the first eight grades.

As was mentioned in last year's report, the above total enrollments are too large for a single one-room school of eight grades. For the present at least, the school board feels that the arrangement of transporting grades 6, 7 and 8 to Keene should be continued.

The citizens of Richmond should give serious thought to the local school picture. Is the time approaching when it would be feasible to transport all eight grades to Keene or to Swanzey? If not, how much remodeling should be done on the local building or buildings to improve their facilities? These are problems with which the school board is faced. They are not easily solved.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, to the School Board and to the patrons of our school for their cooperation.

Respectfully submitted,

CHESTER C. LEES,

Superintendent of Schools
